

# CleanEase Li™

## Neutral Cleaner

LEED® EQ Credit 4.1: Low Emitting Materials: Adhesives & Sealants

### PRODUCT DESCRIPTION

SealSource International manufactures **CleanEase Li™** to be used for maintenance on all SealSource materials. **CleanEase Li™** is easily applied by adding it to the water already being used for cleaning and maintenance.

### USES

**CleanEase Li™** is designed for interior or exterior use on new or existing concrete, anywhere SealSource materials have already been placed down.

### APPLICATION

**Dilution - Light Dirt:** Add 1 ounce of **CleanEase Li™** per gallon of water used.

**Dilution - Heavy Dirt:** Add 6 ounces of **CleanEase Li™** per gallon of water used.
